MAWEA INDUSTRIES – CATIA CERTIFICATION

Venue : MAWEA TRAINING CENTRE (Petaling Jaya, Selangor)

Date : TBC

Duration/Time : 1 Day refreshment + 1 day Mockup test + 1 day Exam

Dassault Systèmes' Certified Professional Program (CPP) provides customers and users with a globally valuable index for measuring and promoting their knowledge and skills within the Product Lifecycle Management ecosystem. Dassault Systèmes' certification program provides a standard measure of PLM products knowledge and enables participants to assess their skills against market norms. The certification program also offers valuable feedback on training programs by providing a quantitative before-and-after measurement of trainees' acquired skills. Dassault Systèmes certification is in continuously increasing demand as a skill differentiator required by the industry.

Certification Benefits:

For users

Certification increasingly becomes part of the lifelong learning process of individuals. Thus, they become better prepared to take control of their career in a continually competitive workforce environment.

Certified Professionals are likely to gain more opportunities and career growth with a benchmark skill and expertise that is often required by hiring managers and project consultants worldwide:

- Industry recognition for skills and proficiency with CATIA products and technologies
- Target for achieving personal success
- Capability to separate yourself from others for job opportunity
- Career recognition

Certificates:

Anybody who passes a CATIA Exam is a CATIA Certified Professional.

Please do not hesitate to call **MAWEA** at **03-7783 3459** for further info or **FAX to 03-77816818** for registration.
